BEFORE THE
OREGON MEDICAL BOARD
STATE OF OREGON

In the Matter of)
ELIZABETH ROSE HARMON, MD) INTERIM STIPULATED ORDER
LICENSE NO. MD15582)
)

1.

The Oregon Medical Board (Board) is the state agency responsible for licensing, regulating and disciplining certain health care providers, including physicians, in the state of Oregon. Elizabeth Rose Harmon, MD (Licensee) is a licensed physician in the State of Oregon and holds an active medical license.

2.

The Board received credible information regarding Licensee that resulted in the Board initiating an investigation. The results of the Board's investigation to date have raised concerns to the extent that the Board believes it necessary that Licensee agree to certain terms until the investigation is completed.

3.

In order to address the Board's concerns, Licensee and the Board agree to the entry of this Interim Stipulated Order, which is not an admission of any wrongdoing on the part of the Licensee, and will remain in effect while this matter remains under investigation, and provides that Licensee shall comply with the following conditions:

3.1 Licensee must not treat any premenopausal women with testosterone. Licensee must follow the Endocrine Society Clinical Practice Guidelines for treating postmenopausal women.

3.2 Licensee must comply with the Endocrine Society Clinical Practice Guidelines for treatment with estrogen, testosterone, or thyroid hormones. Licensee must refrain from treating

1 male patients with testosterone whose testosterone levels test within the normal range, as
2 recognized by the Endocrine Society. Licensee must refrain from treating patients whose
3 Thyroid-stimulating hormone level is within the normal range as recognized by the Endocrine
4 Society.

5 3.3 Licensee understands that violating any term of this Order will be grounds for
6 disciplinary action under ORS 677.190(17).

7 3.4 Licensee understands this Order becomes effective the date it is signed by the
8 Board Chair.

9 4.

10 At the conclusion of the Board's investigation, the Board will decide whether to close the
11 case or to proceed to some form of disciplinary action. If the Board determines, following that
12 review, not to lift the requirements of this Order, Licensee may request a hearing to contest that
13 decision.

14 5.

15 This order is issued by the Board pursuant to ORS 677.410, which grants the Board the
16 authority to attach conditions to the license of Licensee to practice medicine. These conditions
17 will remain in effect while the Board conducts a complete investigation in order to fully inform
18 itself with respect to the conduct of Licensee. Pursuant to ORS 677.425, Board investigative
19 materials are confidential and shall not be subject to public disclosure, nor shall they be admissible
